

Dear Friends and Supporters,

Exciting times for the work.....

2010 sees exciting changes in the Centre of Hope. In October 2009, Mihaela joined the team taking over Lesley's role in the office. We have known Mihaela through the local Baptist Church since we first started building the Centre and after four years working in Spain, she, her husband and little boy have now returned to Dorohoi. Mihaela has a deep compassion for the families here, many of whom she has grown up with. She is rapidly building a good rapport with everyone and finds her work very fulfilling. She and Gabi are also excellent at leading the Children's Club.

Centre Plot 1999

With Mihaela joining the team, us becoming grandparents for the first time in October and looking to the future for the Centre of Hope as we are getting older, 10 years after we started building the Centre and nearly 8 since we opened the doors, we now plan to spend much more of our time in the UK.

We have no intention of "retiring" but will be spending our time raising awareness of the needs of Dorohoi and the work of the **Centre of Hope**, overseeing the work from the UK and of course, visiting the Centre throughout the year. Of course, a priority will be spending more time with our family and our beautiful granddaughter!!!

Centre & Annex 2010

The team here will be updating us constantly on what is happening through e-mails etc and we will continue to keep you, our friends and supporters, up to date through news and prayer letters. Visitors will still be very welcome as always and we will arrange visits so that we can be at the Centre with you.

Peter and Lesley
