

## ***Building Project Appeal – January 2009***

In 2006 we wrote to tell you of the vision we had to build a new building (the Annexe) to enable us increase the work that we are doing in Dorohoi. In that appeal we included a picture showing where the

Annexe would be - below is the same picture (left), showing the land as it was and (right) how it is now.

Your response to our appeals has been truly amazing, and to date (31 December 2008) the work has cost £80,500, and we are now at the final stages of the building work, but there is still a little way to go. Please help us to bring the Annexe to full life, so that it can fulfil the purpose for which it is intended – so that we can reach out to more of the poor and disadvantaged of Dorohoi – by showing them –

**God's Love In Action**

Below are the estimates of the remaining work –

Main Kitchen	In progress
Kitchenette and bedrooms (first floor)	£1500
Concrete surround /disabled ramp/drive	£8000
<b>Total</b>	<b>£9500</b>

**For more information about the building project please go to our website – [www.glia.org.uk](http://www.glia.org.uk)**

**If you feel that you would like help to further this project, then please contact us at the address below.**

(Cheques should be made payable to “Centre of Hope – GLIA”. Please mark your donation for the building project, otherwise it will be used for the general running cost of Centre of Hope.)

If you are a tax payer and would like to “Gift Aid” your donation please ask for a “Gift Aid Form” and one will be sent to you.
